# NON SKIN GP-1 PROCESS SERIES

**ZIPSET Non Skin GP-1 Process Series** is ZIPSET's most popular four color process series due to its strength, stability and superior dry times. It is a non skinning vegetable oil based ink that stays open on the press and in the can for up to 3-5 days. Only the highest quality pigments are used in manufacturing to provide transparent colors which inevitably create the finest trap results. Coupled with a heavy pigment load & innovative additives this series generates the sharpest dot reproduction while maintaining excellent mileage not seen with other brands.

Using the **GP-1 Process Series** saves much needed time, reduces waste and drastically cuts costs. Its quick setting and extremely fast dry times make for fast make ready and turn around times and allows the operator the ability to stop the press and start up again without drying up, cleaning the press, or losing color control. It reduces the amount of ink inventories a printer needs to maintain due to its capability of performing on an extensive range of applications, on any size press and with a broad variety of substrates. Once dry it is laser safe, UV coatable, imprintable, embossable and scores, folds and cuts without cracking or bleeding.

## SPECIAL FEATURES

- VEGETABLE OIL BASED
  - SUPERIOR WORK-AND-TURN INK
  - STAYS OPEN ON PRESS AND IN THE CAN
  - QUICK SETTING
  - FAST DRYING
  - HIGH GLOSS
  - PRODUCES HIGH QUALITY RESULTS
  - STABLE ON HIGH SPEED PRESSES
  - EXCELLENT MILEAGE
  - UV & AQUEOUS COATABLE\*
  - FOIL STAMPABLE\*\*
  - LASER SAFE\*\*\*
- BLACK CAN BE USED AS A LAST DOWN OR PERFECTOR BLACK

## PRODUCT INFORMATION

**GP-1 Process Yellow  
Tack 15.0**

2.2lbs/can - #11201  
40lbs/pail - #11201PL

**GP-1 Process Magenta  
Tack 16.0**

2.2lbs/can - #11202  
40lbs/pail - #11202PL

**GP-1 Process Cyan  
Tack 17.0**

2.2lbs/can - #11203  
40lbs/pail - #11203PL

**GP-1 Process Black  
Tack 16.5**

2.2lbs/can - #11204  
40lbs/pail - #11204PL

**LOW TACK GP-1 Yellow  
Tack 11.0**

2.2lbs/can - #11201LT  
40lbs/pail - #11201LPL

**LOW TACK GP-1 Magenta  
Tack 12.5**

2.2lbs/can - #11202LT  
40lbs/pail - #11202LPL

**LOW TACK GP-1 Cyan  
Tack 13.5**

2.2lbs/can - #11203LT  
40lbs/pail - #11203LPL

**LOW TACK GP-1 Black  
Tack 13.0**

2.2lbs/can - #11204LT  
40lbs/pail - #11204LPL

**HIGH TACK GP-1 Yellow  
Tack 16.0**

2.2lbs/can - #11201HT

**HIGH TACK GP-1 Magenta  
Tack 17.0**

2.2lbs/can - #11202HT

**HIGH TACK GP-1 Cyan  
Tack 18.0**

5lbs/can - #11203HT

**HIGH TACK GP-1 Black  
Tack 17.5**

5lbs/can - #11204HT

**Limited warranty** -- Due to the many variables inherent in the printing process, which are beyond the control of the ink maker, the different types of laser equipment employed, and the various coatings available, we cannot assume responsibility for the final outcome of the printed job. Please contact Tokyo Printing Ink Corporation or your Zipset dealer for a technical evaluation prior to printing.  
\* UV & Aqueous Coating recommended inline or off line after 48-72 hours. \*\* Foil stamping recommended after 48-72 hours.  
\*\*\* Imprinting on laser imaged reprographic equipment recommended after 72 hours.

Tokyo Printing Ink Corporation, U.S.A., 18710 South Wilmington Avenue, Suite 101, Rancho Dominguez, CA 90220
